Dedicatory

THAT it may be an expression of our respect for the man and his ideals—that it may show our appreciation of his cheerful cooperation and friendly guidance which have made our four years of High School years of pleasure and of profit—and that it may be a fitting tribute to his firm character and worthy efforts—this book is affectionately and respectfully dedicated to our Principal.

DWIGHT W. McCOY.

Motif

JUST as every piece of architecture must be built around some central motif; just as every great score of music must be built around some basic theme; just as every master-piece of literature must have one central idea;—just so this book, the record of the events of the year now closed, must have some theme on which to build—some general plan with which to bind the many parts into one unitary whole.

We have chosen to present to you the drama of Student Life—the portrayal of everyday life as it really exists in Springfield High School with all of the humor, the pathos, the victory, and the defeat, each having its share in our existence, each becoming a vital part of our very lives, and each leaving us a pleasant memory of times that were and are no more.

May it be that when time has stolen years and pleasures away, this record may contribute to your memories of Student Life and half your joys renew.

Foreword

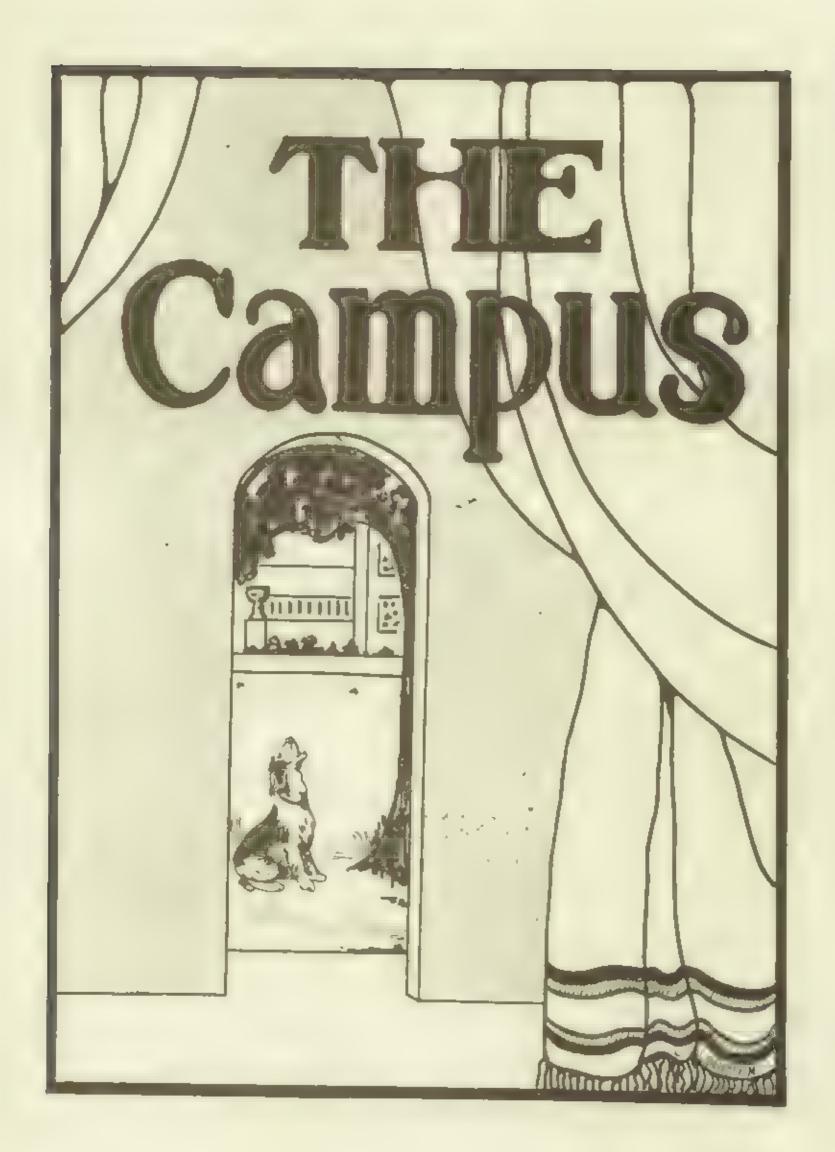

To express the appreciation of the student body for the willing co-operation and friendly advice of the faculty and patrons of this school; To faithfully and accurately record the events of the year just closed; and To present the drama of Student Life with its humor, its pathos, and its achievement, culminating in that climax of climaxes. Commencement Week.

This is the high goal to which we, the editorial staff of the 1927 Capitoline, have set for ourselves.

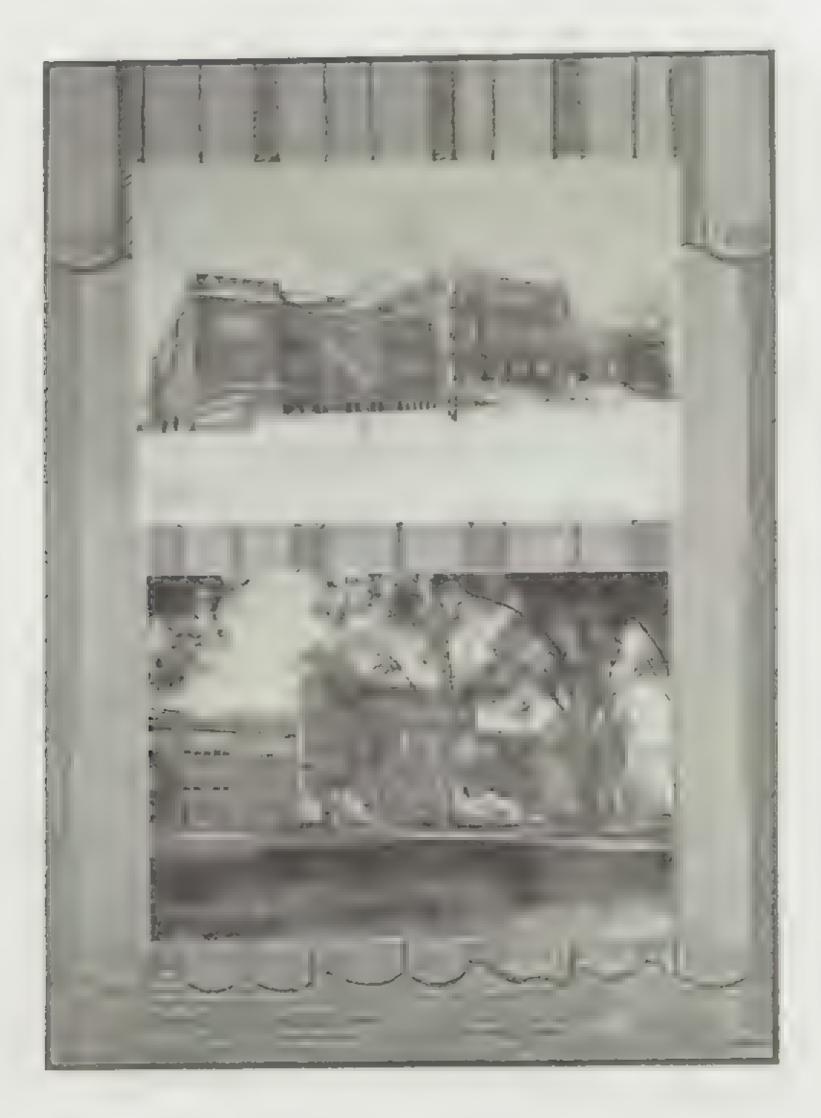

If we achieve but a portion of this task, our efforts will not have been in vain

MR. McCOY

Mr. McCoy

This year marked the fourth year of Principal D. W. McCoy's work in Spring-field High School. During that time, he has constantly striven to maintain a high standard of achievement in both scholastic and extra-curricular activities. In this work he has held the hearty respect, admiration, and co-operation not only of the students, the faculty, and the school board, but also of the general public with whom he has come in contact.

Himself a lover of good music, he has been untiring in his efforts to build up a strong musical organization in the high school, being responsible in a large meaure for the organization and financing of the band and having much to do with the provision of adequate facilities which have made the astounding progress of the orchestra possible

The creation of the office of Dean of Boys came about largely through his efforts, two years ago. He was directly

Association, a conference of twelve of the largest high schools in central Illinois. In connection with this movement, he served as its President for the first two years of existence and assumed direct charge of the First and Second Annual Spring Meets of the conference, held in this city.

His genial friendliness, keen sense of humor, and sympathetic understanding of student problems have endeared him to the Student Body, and the Class of 1927, the first to spend their four years under his guidance, will always cherish a warm spot in their hearts for "D. W."

His educational pedigree is:

DWIGHT W. McCOY, A.B., A.M. University of Illinois Columbia University University of Chicago

The Capitoline:

MR. DAVIS

Mr. Davis

Although he holds perhaps the most unpleasant position on the Administrative staff, Mr. Davis, the disciplinary officer, has constantly held the respect of the student body and is far from being unpopular with the students, with whom he comes in almost daily contact. His capability to adapt himself to new situations, his understanding of the psychology of adolescence, and his pleasing personality admirably fit him for his task

His interests lie more along oratorical and athletic lines, he being a member of the Athletic Board of Control and of the Debate Committee. He did not coach any of the Debate teams this year, as he has done in past years, but his thoughtful criticisms and helpful suggestions proved of practical benefit to our debaters.

Mr. Davis has received his degrees of Bachelor and Master of Arts from the University of Illinois

MR, NICHOLS

Mr. Nichols

Upon Mr. Nichols falls the task of leading the Freshmen through the most trying days of their High School years, the semester immediately following their entrance into High School. Coming from different schools, they must adapt themselves to a new routine, stricter discipline and a greater demand for leadership with more emphasis upon individual achievement than they have been accustomed to.

Reserved, self-contained, yet firm, Mr. Nichols successfully copes with these tasks and wins many friendships among the Freshmen with his quiet, yet warm friendliness and sympathetic understanding

He received his degree of Bachelor of Arts from Wabash College and has done graduate work at the University of Wisconsin

MISS DAVIDSON

Miss Davidson is our Dean of Girls and in that capacity she has done very much to raise the standard of the school along social lines and along those activities that pertain to girls. In this work, she has organized the Senior Girls Council, has directed the publication of a handbook of the school, and has paved the way for the refurnishing of the Housekeeping Suite the scene of many of the student social functions. This Suite also houses her office and that of the School Nurse, Miss-Boswell. These accomplishments alone are enough to indicate the initiative and spirit of progress that has characterized all of her work. She has the degree of Bachelor of Arts, and has attended Indiana University. State Normal, and Franklin College.

Miss Davidson

MR. WENTZ

Mr. Wentz does for the boys what Miss Davidson does for the girls, he is the Dean of Boys. His work brings him in intimate contact with ... I of the boys of the Junior and Senior classes since he personally directs the arranging of their schedule cards, his wide experience in both the teaching profession and in the business profession aiding him in the w choice of subjects for the particular individual with whom he is working. He will be remembered as a former coach of athletics in Springfield High School and next fall will find him back at the job, turning out teams that we trust will be as successful as some of his previous teams were. He has a degree of Bachelor of Science in Electrical Engineering

- S. H. S. won seven of the musical events in the Big Twelve Conference this year.
 - S. H. S. has an enrollment of 2480 students.
- S. H. S. is the largest high school in the state outside of Cook County.
 - S. H. S. has a library containing 10,000 volumes.
- S. H. S. accommodates about 1400 students daily in our cafeteria.
- S. H. S. has a trained nurse who devotes the greater portion of her time to the students.
- S. H. S. furnaces consume, in cold weather, 8 tons of coal a day.
 - S. H. S. employs 120 teachers.

That the salaries paid to the High School teachers amount to approximately \$200,000 a year.

The actual cost of each student to the Board of Education is \$1.00 per day and the student who is absent is a dead loss.

Three out of the six varsity debaters this year at the University of Illinois are former S. H. S. students.

Our May Festival is unique among High Schools and is considered one of the most attractive and beautiful event of the school year.

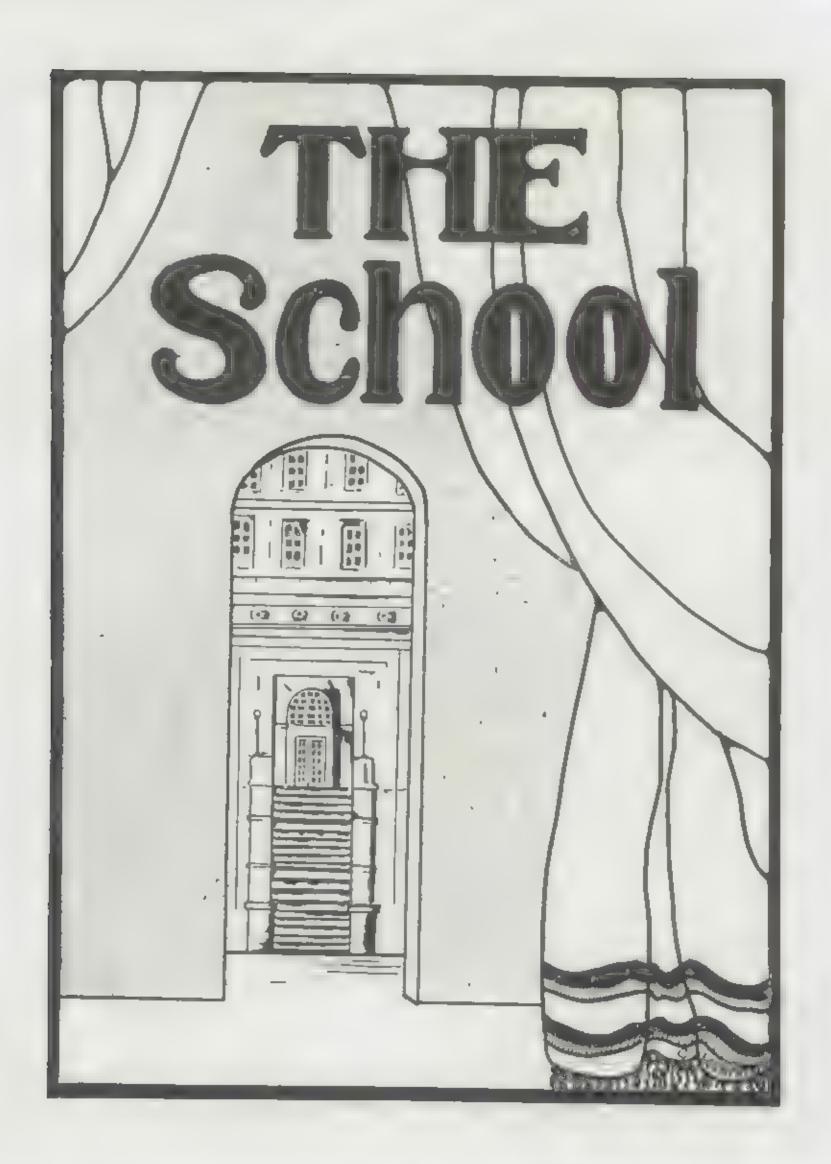

Almost \$1000 has been spent this year in beautifying the campus.

S. H. S. has a Parent Teachers Association of over 1000 paid memberships.

The Capitoline Staff sponsored the first annual May Festival Ball at the State Arsenal.

The "Venture" was one of the first publications of its type among high school publications.

The local association is one of the largest in the state, having a paid membership of over one thousand. It takes an active interest in school work, sponsoring Inter Society debating by offering a silver cup to the winner of the contests. This year it is also giving four prizes; one for the best piece of creative work in English, this being open to all students in the school. The other three are open to Sentors only; one to the girl making the highest average in Household Arts; one to the boy doing the best work in Manual Arts; and one to the best all-round boy in the class. The outstanding work of the association this year has been the landscaping of the school grounds.

THE DEAN OF GIRLS

According to the bulletin, "The Vocation of Dean," there are forty-four most commonly mentioned duties of a dean—some days it may run forty-five, others forty-three, but never less than forty. Space will not permit a description of each duty, but each works towards a specific objective of the Dean, Guidance of the Individual. The ultimate aim of this is to guide each individual towards her full and complete development. It is not enough to build bridges; the student must know what lies on the other side and be guided to make the right choice of routes for themselves. This process involves educational, vocational, social, health, and moral guidance.

In educational guidance the dean, in co-operation with others, should begin with the eighth grade and continue through high school in regard to choosing courses, adapting curricula, and correlation of studies with outside activities. To be sure, enough time is saved to consider seriously the matter of dropping a subject and to persuade girls into believing that all required subjects are very, very easy. Also to remember that an average of eighty-five is required of those carrying five subjects. Then follows choosing a college (not at all difficult for some) or a vocation. The latter is a field in itself and should be under the supervision of an expert, the dean doing emergency work in co-operation with the teachers.

Social as well as educational guidance must be provided by the school. The dean's chief opportunity in this is through extra-curricular activities. The mest important one is to guide stimulate promote, and limit pupil activities, to achieve the ideals set forth, and occasionally be a "gloried chaperone" (which often detracts from the more constructive aim).

Health and mental guidance is perhaps the most important of all. Here the dean has an opportunity to co-operate with the school nurse, that each pupil may have a sound body to do a task and the right attitude towards the task. A girl with a feeling of "what's the use?" is just about as happy in studying as a girl with a toothache.

Moral guidance naturally falls as a by-product if all other objectives are well achieved. All school life should be so permeated with right attitudes, ideals, interests, and examples that moral guidance should unconsciously result. There are certainly demands, nevertheless, for direct moral guidance. Co-operation with the principal home and teachers on girl problems is necessary.

People are always present in the minds of a dean. Alia Freeman Palmer said, "It is people that count. Put yourself into people." Surely then, human values are the supreme values, and supreme should have supreme emphasis.

Miss Blanche M, Davidson, Dean of Girls.

THE CAFETERIA

MRS. JONES

Mrs. Jones, the cafeteria directress, has managed the organization to the advantage of the majority of students and has operated it on a paying basis. She has employed students to fill all places which they can capably handle and has engaged a staff of women to carry out the preparation of the food. With the personnel of student employees changing at short intervals, she has moulded them into an organization to co-operate with the permanent staff of women, with each other, and with her. She has the appreciation, respect, and support of all of her employees and to her the school owes the success of its cafeteria

The Springfield Scholarship Society was organized in 1919 with the purpose of giving recognition to those students who attain a high scholastic average. This recognition makes the honor of having a high scholastic stand-I hat an great an that receiver it affilted in any ther some I get till Membership is open to every graduating student who fulfills the following requirements:

The student must have carried his work with a general average of 85% for the four years of his High School course. He must average 90% for three years in at least one major subject. No student shall be elected to membership in the Springfield Scholarship Society who shall have in any way disgraced or discredited the Springfield High School.

After the student has proved his eligibility to membership by fulfilling the above qualifications he receives the following recognition in a special assembly convened for that purpose:

A bronze seal is placed upon his diploma with a ribbon indicating the particular department in which he has attained high honors,

He is given a certificate from the department in which he has attained high honors, signed by the instructors with whom he had work in that department.

He is given a bronze medal as a permanent recognition of the high esteem the school places on his achievement.

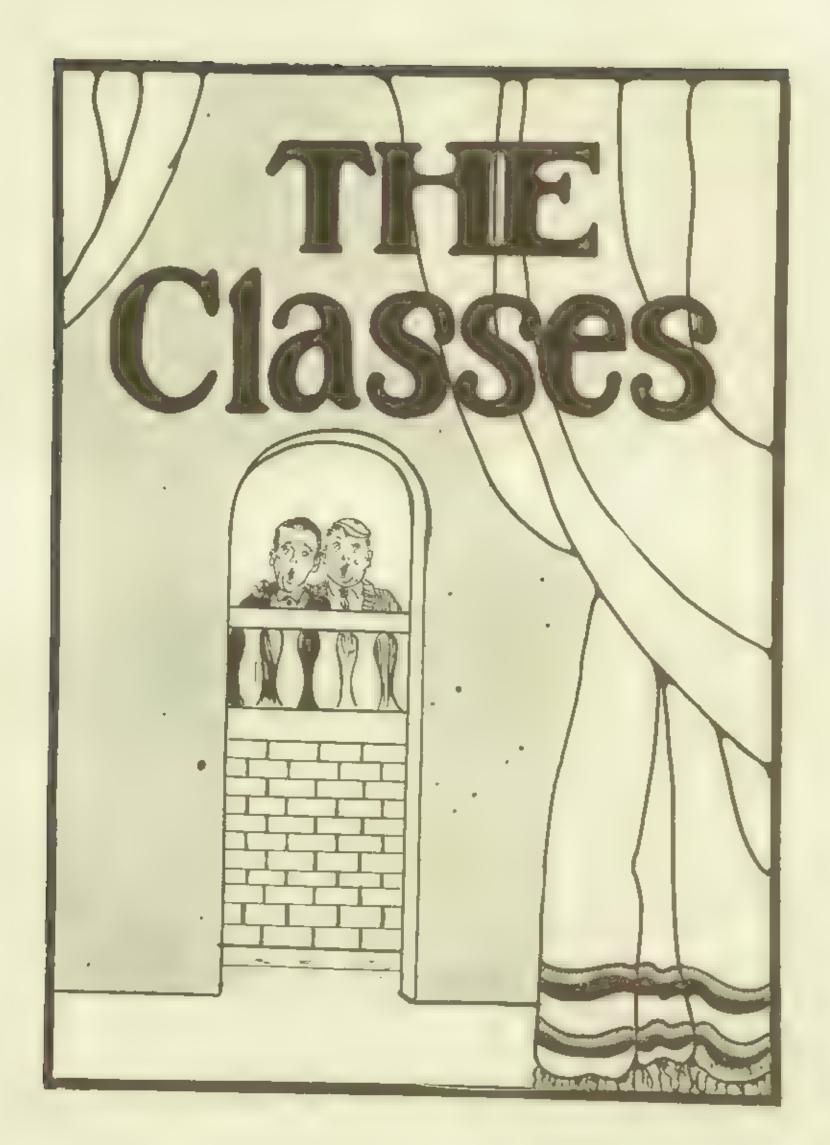

In the Senior Class of 1927, the following students completed all requirements and have been elected to the Springfield Scholarship Society:

ATHLETIC COACHES

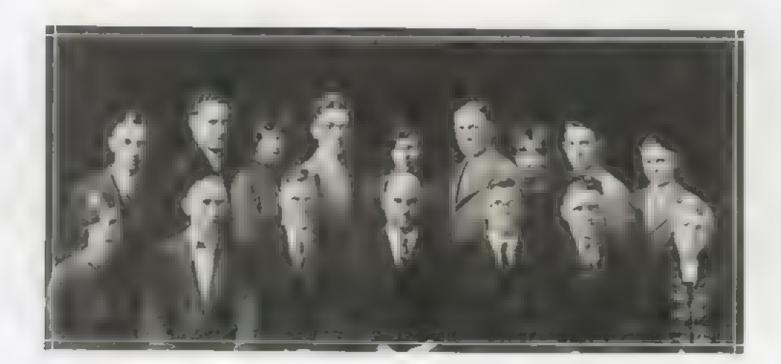

Springfield High School, in comparison with other high schools of its size, is remarkably well equipped along athletic lines. With two gymnasiums, up-to-date apparatus, and plenty of locker and shower space, it lacks only a natatorium to make it complete. But not alone on efficient apparatus does the athletic success of a school rest—the teams must be well coached in order to take the best advantage of their equipment. The men behind the teams must be well equipped themselves to handle the none to easy task of training their material

In this respect, we have nothing to ask; our staff of coaches is by far one of the best in Central Illinois. Very few schools of our size have three well trained, efficient coaches whose business is to turn out teams that will maintain the high standard that past teams of S. H. S. have set. Some years they may fall short of this standard, but the teams are always a credit to the school and to their coaches

Mr. Royal has had, in the past year, charge over the entire Athletics Department, and has himself coached the football and track teams. He is very well equipped to coach having had experience under Coach Zuppke at the University of Illinois and practical coaching experience at other high schools in the country

Mr. Huseth assumed charge over the basketball team and was able to relieve Coach Royal of the tremendous task of breaking off with the football season to take up the work of the basketball season. This way, we were able to put a team on the floor the first Saturday after the close of the football season, whereas heretofore this would have been impossible. Huseth is himself a basketball player of local reputation, having played on the LaCrosse Normal team and this year on the Knights of Columbus team

Mr. Roellig again assumed the task of coaching the baseball team, and repeated his success of former seasons. He, too, comes from LaCrosse, and while there had a creditable reputation as an athlete. He likewise assisted Royal in coaching the football team and directed the coaching of the Freshmen

ATHLETIC BOARD OF CONTROL

The Athletic Board of Control was run on a different basis this year than in previous years, there being twenty members instead of the customary ten. Of these twenty, fifteen were chosen from the student body and the remaining hive from the faculty. The faculty, however, were allowed three votes apiece so that the power was evenly distributed.

The main work of the Athletic Board of Control is to manage the affairs of the athletic teams of the school. In this work they provide for the financing of the teams, plan and carry out good, live pep assemblies, award varsity letters, and manage the affairs incident to the management of tournaments and other similar meets

The biggest task this year was the management of the District Basket-ball Tournament in which fourteen teams participated. All of the expenses were paid by the Athletic Board of Control, from the Athletic Treasury and from the gate receipts. Due to the size of the schools entered, not one of which was even one-half as large as Springfield High, this task was all the more difficult than if the teams had have been drawing cards and thus boosted the gate receipts. But the Board managed the meet so efficiently that no pecuniary loss resulted

Coach Royal was the presiding officer of the Board and his practical suggestions and ideas were of inestimable value to the members of the Athletic Board of Control and had much to do with the shaping of the policy of the organization.

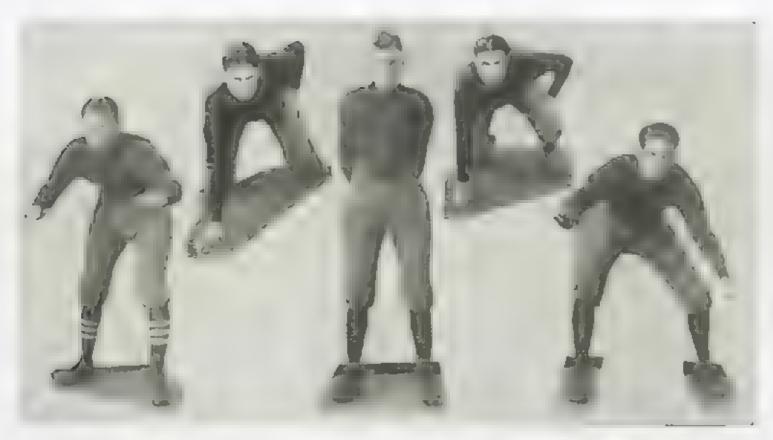

ATHLETICS SUMMARY

This Athletic season was far different from that of last year in that no spectacular records were made in any branch of sport offered by the Athletics Department. But that did not mean that the teams lacked any of the "Do or Die" spirit that has characterized the Red and Black teams of the past. Far from it. They fought in spite of the great odds that their own inexperience and the general all-round superior playing of their adversaries and turned in a record that any high school would be proud of and one which every loyal son and daughter of Springfield High School is proud to claim.

The coaches were faced at the outset with the problem of training new men for the teams and handling men who had had very little, if any, experience in actual games. In Football, Captain Burtle and Bansbach were the only letter men back, while Munn, Stanton, George, Keys, Smith, and Ayer had had experience on the second team the year previous. Notwithstanding, Royal turned out a team that won two games, fied one, and lost five. On each occasion where the games resulted in a loss, however, it was generally to a team that outweighed them in every position and on a muddy field where the heavier team had the advantage

In Basketball, the conditions were possibly worse since no man out had played the previous year, and none of the men had had any experience under Huseth But the results were most satisfying despite the handicaps and many of the games were lost by but one basket or a point or two. The regular playing season resulted in three wins and eleven losses. Two of these victories were in the Big Twelve Conference and were the most exciting games ever played on the S. H. S. floor In the District Tournament, the team went into the second round by virtue of a well deserved victory over Virden, only to lose a last minute success to Carlinville, after having a 5 point lead at the third quarter.

SPRINGFIELD 15-AUBURN 0

The first game of the 1926 football season was the practice game with Auburn, one of the strongest of the Central Illinois teams. This game found but two regulars returned from last year, these two being Captain Burtle and Bansbach, both half-back. The rest of the team was composed largely of men who had played on the second team the year previous, however, so that most of them had had some experience.

Neither team showed any great playing in this game, since it was the first of the season for both teams. Burtle and McGuire were the outstanding stars of the game while the line, although rather inexperienced, proved a veritable stone wall when necessary. The locals had things pretty much their own way after the first quarter, and managed to score two touchdowns and a field goal, proving their ability as a scoring machine

SPRINGFIELD 0-LINCOLN 18

On a field which could easily have been termed a "sea of mud" with the water ankle deep in some portions, the powerful Lincoln eleven succeeded in "outswimming" our team. This was the first game away from home for Royal's proteges and ended rather disastrously. It was a case of the heavier team having the advantage, and our team was far from being a team of giants

In the slippery field, our light backfield was stopped before it got started, with the consequence that most of the end runs which had predominated the first game were discarded and straight football was resorted to. Lincoln, having the heavier team, was able to get farther on these tactics, so Springfield was forced to submit to defeat in her first Big Twelve encounter.

SPRINGFIELD 0-DANVILLE 13

In the second Big Twelve game of the season, Danville successfully pulled her jinx and again deteated the Springfield eleven. But it was a tough fight throughout, and the victory was well earned. Although outweighed in the backfield, our team was about evenly matched in the line, so that the game was more spectacular than any of the games previous, with long passes and end runs to break the monotony of straight football

For the first three periods, the teams battled on pretty even terms, but the strain began to tell on our boys and the inevitable result could not be averted. The third quarter found the locals beginning to weaken and the fourth found them in such bad condition that Danville had no trouble at all in pushing across their two touchdowns by means of several passes which counted for long gains.

With the game apparently over, both teams began to send in subs so that, at the final gun, hardly a man on the field had been there when the game started. It gave the coaches a good opportunity to look over the material even though the actual game was lost. This was our second loss in the Big Twelve as well as of the season.

SPRINGFIELD 17—CARLINVILLE 6

The two game losing streak was broken on the next Saturday when the boys gave Carlinville a run for its money. The teams were evenly matched and the first half was very hard fought with neither team doing much on the offense and Carlinville just making her six points on a fluke play. So when the gun went off, the fans who had followed the team were none too jubilant.

But the second half was a different story altogether. The team came back with a dashing attack which literally swept the Red and Blue off their feet, with the consequence that by the time the time-keeper decided to call it a day, they had put across two touchdowns and a field goal to make the score 17. Bansbach and Joe Munn proved the sensations of the day.

SPRINGFIELD 0—PEORIA CENTRAL 13

With Captain Burtle on the sidelines on account of injuries, Coach was faced with a pretty tough proposition when he took the team to Peoria. All the more so since Springfield had been the team who broke Central's otherwise perfect season last year with an 90 score. But the team had the old fighting spirit just the same, and they put up a scrappy fight withal, so that but one of Peoria's touchdowns was legitimately made, the other one coming as a result of a Springfield fumble within scoring distance.

The feature of the game was the strong aerial attack which Peoria put up. It kept the locals guessing all the time and was directly responsible for their one legitimate touchdown. Many of the passes went for long gains when long gains were needed and thus counted for much of the scoring.

SPRINGFIELD 6—JACKSONVILLE 6

The two cellar champions met on the next Saturday in one of the most exciting games of the season. Being so evenly matched, they put up a good fight throughout and were forced to resort to more spectacular playing than had been necessary in previous games. Starting out with a bang-up offense, J'ville rolled down the field and, before the game was ten minutes old, had put across a touchdown. Fortunately, the kick for extra point went wide.

Nothing daunted, our boys came right back with an equally strong offense and soon had the ball on their forty-yard line. Then Keys, the Passer, took the ball and threw it to Lawton, the Catcher, who was running down the side line as fast as he could tear. It looked like a "goner" for sure, but, with a supreme effort, he grabbed it on his fingertips and ran across the remaining ten yards for the touchdown.

That closed the scoring for the day, but the rest of the game was a good exhibition of spectacular open field running and passing such as is rarely seen among high school teams

SPRINGFIELD 0-URBANA 26

Again we were faced with a team which completely outweighed us, but our boys put up a better fight than the score would seem to indicate. This was undoubtedly the best team that Urbana has ever put into the field and the Red and Black were loath to dispute their reputation

The light, fast backfield could do little, if anything, against the heavy line and the ends were handicapped by the weight of their opponents, so that the local attack was confined largely to passing and open field running, whereas Urbana was in a position to drive through our line at will and more than once carried their attack around the ends for long gains

With such handicaps, one is inclined to wonder how Springfield ever managed to hold Urbana to such a low score, but the reason is simple—"Your Red and Black mean DO or DIF

SPRINGFIELD 0-DECATUR 6

What the Yale-Harvar game means to the sons of "Old Eh" and the "Crimson" the Springfield-Decatur game means to the Red and Black. No matter how disastrous the previous season no have been it either team wins this game, the season has not been in vain. According to this logic, the 1926 season was "in vain" as far as Springfield was concerned. But Decatur has the Red and Black to thank for their victory, we can claim a moral victory at least

A game between Springfield and Decatur always promises to be interesting and this one lived up to all expectations, even though it did result in disaster for S. H. S. Decatur had things pretty much their own way most of the time, Springfield making only four field goals to their nine. The first half ended with the score 10 to 7. The stellar guarding of the Decatur team kept the locals from staging one of their now famous "last half" rallies while the Red and White team continued to add on to their score. Miller starred for the Red and Black, his close guarding stopping many Decatur drives in the middle of the floor.

SPRINGFIELD 16-ATHENS 20

The jinx which Athens has held over Springfield was out in full force again and, though they came as near winning as any S. H. S. team has in the last few years, the Red and Black was forced to bow in defeat. Pulling a wonderful defense, together with a smooth working offense, the locals were able to lead by an 8 to 5 score at half time. In the third quarter, Athens started going and came up to 9, while holding our boys scoreless. The last quarter found them in their best form, completely outclassing the Springfield crew with the result that the task of successfully beating Porter's loop hounds was left until another time. They were just too good for us—we never alibit over an Athens game.

In one of the slowest games that has ever been played on the High School floor, Pekin defeated Springfield by a 12 to 6 score. Pekin opened up by scoring 7 points in the first quarter, and from then on they stalled. Burtle scored one field goal in the first half, Munn scored one at the final gun, and the rest of the local points were scored on free throws. It was a good demonstration of slow motion basketball and not very good ball at that. As one newswriter said, "The band played pretty good music, but otherwise it was a dull affair."

SPRINGFIELD 10-LINCOLN 24

February graduation took Miller from the lineup so Huseth was faced with the task of finding a man to put in his place. Accordingly he rather juggled the lineup on the night of the Lincoln game and no phenomenal results were to be expected. Furthermore, these results were not forthcoming, for Lincoln succeeded in beating us by fourteen points. Lincoln held the advantage at the half with a 10 to 2 score. During the third quarter, our team picked up and made the 2 a 9, all the while holding their opponents scoreless. But the pace began to tell and Lincoln soon had things under control so that they were in a position to "stall" the last five minutes.

SPRINGFIELD 14-ATHENS 23

Once upon a time Springfield did beat Athens: but that was a long time ago and that was probably long before the tribes of Winterbaur, Wasilewski, McLavish, Zalenas, or Perkins ever came over from the old country. This game was just like any other Athens-S. H. S. game. Our team tried hard the first half and then was so tired by the time the second half started that they couldn't stop the Athens team, who were just warming up. Then the local team got mad, had a lot of fouls called on them, and before they woke up the game was over and Athens had beaten them again. The final score, thanks to Kryswacki, flashy Athens forward, was 23 to 14

SPRINGFIELD 18-DECATUR 23

With the Athens game off their minds, the team was ready to settle back to the task of bringing up their Conference standing. But Decatur thought otherwise so they handed us another beating, this time on our own floor. The boys started right off with a bang and swept the "ancient foe" off their feet. At the half, they were leading 11 to 8, and the fans were beginning to get hoarse. Coach Crooks set his team back on their feet, however, and they came into the last half ready to win or bust. They won. Holding Springfield scoreless, they ran up 17 points before Freddy Stanton could get through and put in another goal for S. H. S. He added two more to make things interesting, but that's about all they accomplished. While we lost, there's always this bright thought to cheer us up—we get to play them again next year.

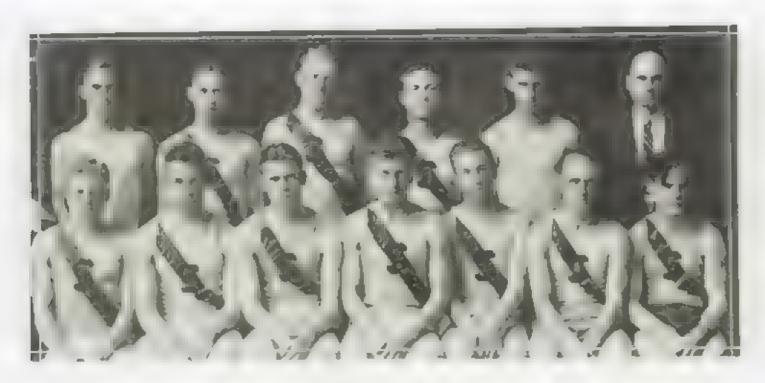

SPRINGFIELD 17-CHAMPAIGN 31

The strain of a game with Athens and a game with Decatur coming the same week as the Champaign game proved too much for the team and they lost a one-sided affair to the powerful Champaign five. R. Carson, of Champaign, was the hit of the evening scoring seven baskets and one free throw. Burtle led the locals with two baskets and three free throws. It was really too big an undertaking to expect the boys to play their best when they had already had two games that same week.

SPRINGFIELD 15-PEORIA MANUAL 17

The last scheduled game of the season was a rough and tumble affair with Peoria Manual. Neither team had any great success during the season and were out to get this victory. Both teams experienced difficulty in finding the basket, although many tries were made. The last quarter was fast but neither team seemed to be able to get free enough to shoot and most of the shots went wild. Kroeple, of Peoria, broke the tie with an easy under-the basket shot towards the end of the game, thus defeating S. H. S. in the

TRACK SEASON

Track, while being essentially a minor sport in Springfield High School, st I must ansatts from neace as one of the must special ular of the spring sports, and continues to draw large annihers of the loys into plat operation in one or another of its many different branches. This year proved its popularity, although actually the results produced were not such as to claim a "record" year

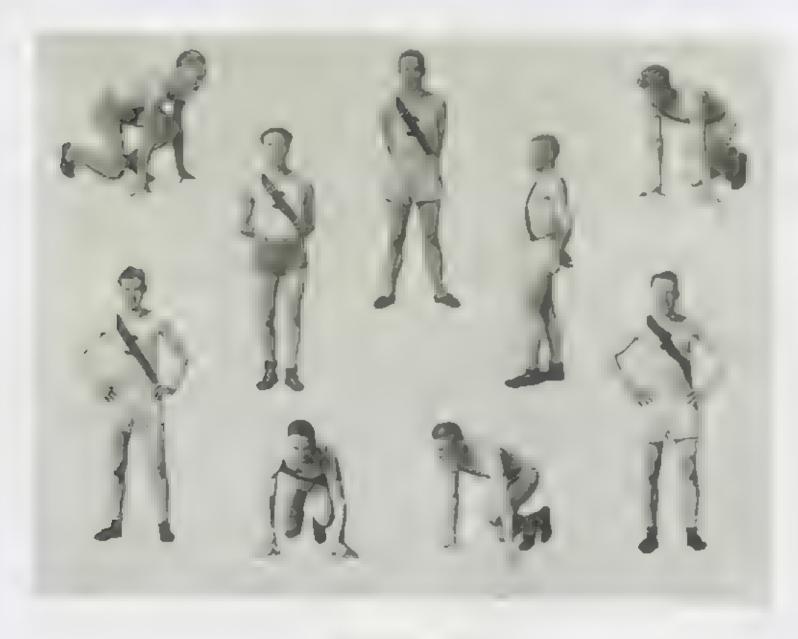

The team was coached by Mr. Royal and, although handicapped for material, he turned out a term that was worther of the Red and Black spirit of "do or die"—for they did their best, even though they ran up against what was precally the stonest competition that any track team of S. H. S. has even met. Their record may seem to undicate otherwise but the old lighting spirit was there just the same, and we're proud of their achievements during the past season.

The first meet entered was a triangular affair with Quincy and Decatur. The team places, second, Quinco winning, and showed up exceptionally well in the track events particularly the dashes and the middle distances. The following Saturesy they entered the Milliken Relays and theled to place in any of the events except the dashes.

Then followed the Big Twelve Conference Meet at Decatur, with the term ranking into but winning the relay, thereby gailing a trophy for them efforts. The District Meet at Jack onvile on the tolewing Saturday, left only Barsbrach to enter the State Intersel plastic Meet at Urbara Although he was the testest min on the team this serion, he tailed to place and consequently we were forced to be classed as "also rans" at the State.

Between the halves of the Springfield-Decatur football game, at Reservoir Park on Thanksgiving Day, the annual Big Twelve Cross Country Run was held. Mattoon's fast team completely out-classed its rivals, although Euter made a great start to the held and Black. The second lip procede in Waterloo, however, our first man to finish running tenth in the field.

In all, the season was not one which could be called a "winning" season, but the boys did their level best, so what more could we ask?

TRACK TEAM

This year, the track team was made up largely of inexperienced men, a turned Reyal had Ciptain Stout meyer Lawrence Burt of Lawton, Wrey, and Taggart from last year's varsity. Tomlinson had graduated, leaving a gap in the field events, whereas Moody's track prowess was also missing in lieu of his having graduated.

In Bansbach, however, Royal had one of the fastest dash men ever turned out in Springfield High School. He succeeded in winning three firsts in the 50-yard dash, and climaxed his achievement by lowering the Big Twelve Conference record for that distance by one second, setting, with Lane of Danville, a record of five and six-tenths seconds for the fifty yard dash. He was the high point man of the team for this season.

Burtle, his running mate in the dashes, was not in such good form as he was the season previous and did not repeat his series of victories of last year. Lawrence, Wiley, Stoutameyer, and Lawton were the middle and long ditance runners of the team, although M. Butler and McLeoud did very creditable work along this line. Taggart was likewise one of the track mainstax.

In the field events, McGuire did well in the high jump, and Burtle presented a good record in the broad jump. Massaro shone in the weight events, particularly in the shot put and Ayer' likewise did his share. In all it was as well balanced a track team as 5, H. S. has ever produced.

BASEBALL SEASON

Coach Roellig has always had more or less good luck with his baseball teams in the past, and this year's team was expressive of the "more" successful seasons. Losing all but two of last year's team by graduation, he nevertheless built up a winning aggregation whose record compared favorably with the Springfield Senators at the best of their form

The season was by far the most successful of any of the branches of athletics offered in Springfield High School and speaks very highly for the efficient coaching and training given the teams under Coach Roellig's watchful care. The main handicap of the teams has been the lack of playing field, the campus in front of Central High School, the athletic field, and the diamonds at Lincoln Park being used for practice. Considering this handicap, the record made by the team is exceptionally good

The scores of the season so far were:-

Springfield	0 Peoma 9	
Springfield	6 Champaign 3	
Springfield	7 Champaign 3	
Springfield	15 Urbana 5	
Springfield	3 Decatur 5	

BASEBALL TEAM

Roellig's 1927 team was a good, well balanced team that lacked nothing to make it a winning team. Selinger and Hunter, the pitching staff, were exceptionally good, Selinger achieving the enviable record of striking out twelve men in one game. Both of the pitchers had control and plenty of speed and this, complet with the consistently good support that they receive I made a winning season inevitable.

Stanton and Russas were the mainstays of the outfield, with Shibely, a Freshman, playing a good game for his experience. Yazell, Goldsmith, Wykofka, and Munn formed an almost impregnable infield, while Turner did a good job as catcher. Tomlinson and Keys, utility players, were consistently good, and added much to the success of the season.

In all, we were represented by as well balanced a team as Springfield High School has ever put on the field and one in which we ought to be very proud. Its success speaks very highly for Roellig's coaching ability

GOLF TEAM

Although one of the minor sorts, golf nevertheless attracts many students and is increasing in its popularity. Its popularity is proven by the increasing numbers who try out for positions on the team. Due to the lack of a coach, the team is selected upon the basis of actual scores and the members train themselves by constant practice, with no outside instruction other than from professional golfers.

This year's team found Stewart Wilson and Harold Ennis, two Seniors, Ashley Coats and Paul Gingold, two Juniors and Robert Charleton, a Sophomore, as the best of the school's golfers. They entered the Big Twelve Conference Meet and the State Interscholastic Meet, but met with but little success in either of the meets. Their lack of coaching, rather than inexperience, was a vital factor in their defeat

Gingold, Coats, and Charleton are all players of exceptional prowess and will form a strong nucleus for next year's team. Ennis and Wilson, the two Seniors, were likewise very good players, and played good golf throughout.

TENNIS TEAM

In past years, the Springfield High School has always been well represented in tennis. This year, while not as successful as some, was far from being unsuccessful. As with golf, the tennis team had no coach, so that the players were forced to rely upon their own judgment and skill in practice.

Robert Crook, perhaps the best tennis player in S. H. S., returned from last year's team of which he was one of the outstanding players. Robert Fitzgerald, his partner in the doubles, was another good tennis player who brought credit to the school Francis Schuster, Robert Thomas, and Sam Mulford, three Freshmen, and Willard Tobin, a Senior, comprised the remainder of the team

In the Big Twelve Meet, the team lost out in the singles, but the Crook-Fitzgerald combination in the doubles came through to win the finals and the championship of the Conference for the second consecutive year for Spring-field High School. The same doubles team showed up very well in the State Interscholastic Meet, winning their way into third place.

With Tobin the only one to graduate, the prospects for an equally successful tennis team next year are very encouraging

BIG TWELVE

The Central Illinois High School Athletic Association, composed of twelve of the largest high schools in Central Illinois, was organized three years ago. Since then, a regular schedule of activities has been maintained, culminating, each spring, in an Annual Spring Meet, where contests in oratory, music, commercial, and track events are held. Three such meets have been held, two in Springfield and one in Decatur.

In athletics, Springfield did not fare so well in the conference. But this lack of success was mainly due to inexperience, and not to any lack of material. The baseball team, however, placed well up in the conference team standings and the tennis doubles team annexed first place for the second consecutive year.

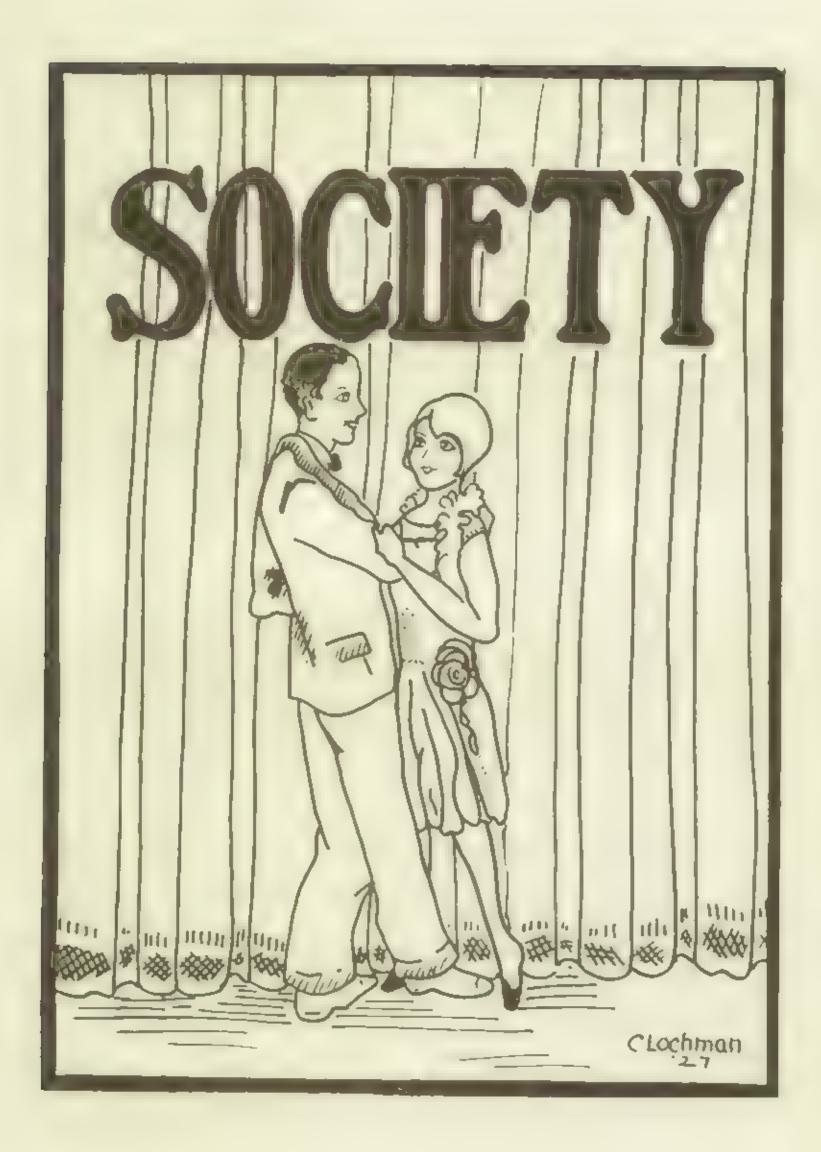

The Music Department, however, enjoyed unusual success, winning Sweepstakes honors for the third consecutive year. This is quite an achievement and speaks well for the activities along this line in Springfield High School. The entrants won first place in the Soprano Solo, Baritone Solo, Tenor Solo, Boys' Glee Club, Mixed Chorus, Orchestra, and Band, to score fifty five points.

In the commercial department, S. H. S. has always stood well up and this year the typing team won first place and the privilege of entering the finals of the State Interscholastic Meet.

Stewart Wilson's winning of second place in the Extemporaneous Speaking Contest was our only winner in oratory.

SOCIETIES

The last year found great strides being taken to place every student in some extra-curricular activity. Along with this movement, and working to the same end, came the formation of the new Departmental Clubs which meet in school time. This gave every student an opportunity to engage in some form of extra-curricular activity without taking any time from their outside work.

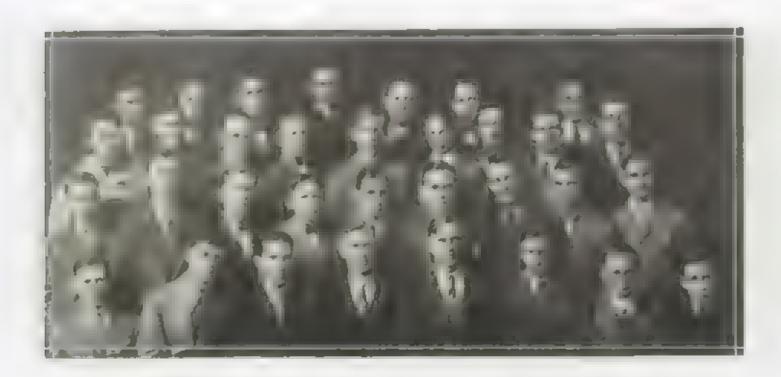

These clubs met every other Tuesday afternoon during the Sixth Period and were under the supervision of the instructors of the subjects in which they were directly interested. The programs were planned with a purpose of creating and maintaining an active interest in the various lines of pursuit offered by the clubs. The wide variety offered gave the students an opportunity to engage in the work that they cared for most and thus gave each his field of action.

But not alone in these new organizations was advantageous good worked for the school and its interests. The old, well established Literary Societies did more than their share to keep Springfield High School before the eyes of the public. Perhaps their greatest achievement was the starting of a fund to refurnish the Housekeeping Suite, the scene of many of their social functions.

The Thahan Literary Society gave to the school an electrically lighted bulletin board which has been used to the advantage of the entire school. The Les Bas Bleus gave to the extent of one hundred dollars for the Housekeeping Suite Fund, while the Philomachian Literary Society took a very active part in this work, the proceeds of their two dances going towards this fund. The Philos likewise won the Inter-Society Debate cup, offered by the Parent-Teachers Association.

The Wrangler Debating Society held, in the spring, one of the best Open House Night programs that has ever been presented in the school. Their friendly rivals, the Delphic Literary Society, enjoyed a similarly successful year, placing their members in all of the more important activities of the school.

In fact, the fact that a student is in one of these societies is a certain indication that he or she is actively engaged in the activities of the school. All of the leaders of the school, either in scholastics or in extra curricular activities, are members of some one of these societies. The training that they receive and the friendships that they make serve to make them leaders and give them a stronger ability to do things for themselves.

SPRINGFIELD HIGH SCHOOL "S" CLUB

It is a custom prevalent in most of the larger high schools and colleges in the country to have an organization which shall draw its membership from those students who show their loyalty to their school by participating in inter scholastic contests, whether in athletics, music, or in oratory. The Springfield High School has followed suit only to the extent of wearers of the varsity letter in major sports only. These sports include football, basketball, baseball, and track. Thus these students are given a recognition similar to the recognition given for the maintenance of a high scholastic average, as is given in membership in the Springfield Scholarship Society.

The membership is open to any person who shall have won his varsity letter in a major sport and is automatic in its functioning; i. e., the winning of such a letter entitles the winner to membership in the society whether official recognition of the fact is made or not The society held many meetings this year and settled many problems which faced the organization. The chief problem concerned with the S Club was that of allowing girls to wear varsity letters which they have not actually won. The ruling made in this matter was the same that has prevailed in past years, that no girl shall be entitled to wear the regular varsity letter of any boy unless she is engaged to the person to whom the letter belongs.

The club was also instrumental in the securing of the new type of chenile letters to replace the flimsy felt letters that had been given in past years. This type of letter is being used in most of the larger schools in the country and is a decided improvement over the flimsy letters that have been used, being of better quality of material that will hold its shape longer than the old type of award.

THE GIRLS' ATHLETIC ASSOCIATION

If the feet in the term of the age

Betty Dallman

The Girls' Athletic Association was organized last fall with the intention of giving girls the opportunity of winning a varsity letter in athletics. To win this letter, the girl must win certain points on the basis of her ability to perform in many branches of athletic development such as horseback riding, ballet and folk dancing, baskethall, hockey, swimming, and numerous other sports. The winning of a certain number of these points entitled the winner to a regular varsity "S," such as is given to the boys for varsity participation in sports,

Betty Dallman was the first girl to win the coveted reward and was closely followed by Mary Jane Seifert. The two girls completed their work in the last part of May, showing that the letter is no easy thing

to win. Every girl who is working for points for an athletic letter automatically becomes a member of the Girls' Athletic Association. At present, the association has a large membership and more girls are joining it daily.

At the close of the school year, the association became affiliated with a state association of the same character, so that the girls were given the opportunity to win points in this organization also. This gives the girls a much broader chance to develop their athletic prowess and at the same time that they are receiving the benefits of their exercise, they may be winning a suitable reward. In this, Sprnigfield High School is following the example of many of the other high schools in the Central States, and should be commended for their fine work along this direction

MAY FESTIVAL

Miss Lomelino

Mary Sedlak was crowned queen at the most beautiful May Festival ever given by Springfield High School. Nancy Coleman, maid of honor, and Betty Mc Kown, Gertrude O'Brien. Elsie Causey. Mabel Taylor, Della Dickerson, and Marilla McCoy were the attendants. Miss Lomelino. Miss Mather, and Miss Lasch combined their efforts in making the occasion one of real spendor and charm

The most effective of all the lovely events on the program was the crowning of the queen. A hush fell on the large audience as she knelt and her maid placed the wreath of white flowers on her head. The program arranged for the queen, her attendants, and the large audience gathered at the arsenal, was well conceived and well carried out. A number of the dances were originated by Miss Lomelino, who was in charge of the festival

Particularly well worth mentioning were Ann and An ly, denced by Marian Shinnate and Margaret Ellen Jame, the Doll's Wedding, Kathryn Wilms and Mary Edith Cable; and the individual dancing done by Dorothy Franz, Mercedes Meuller, Mary Callahan, and Jeanette Conn

SOCIAL FUNCTIONS

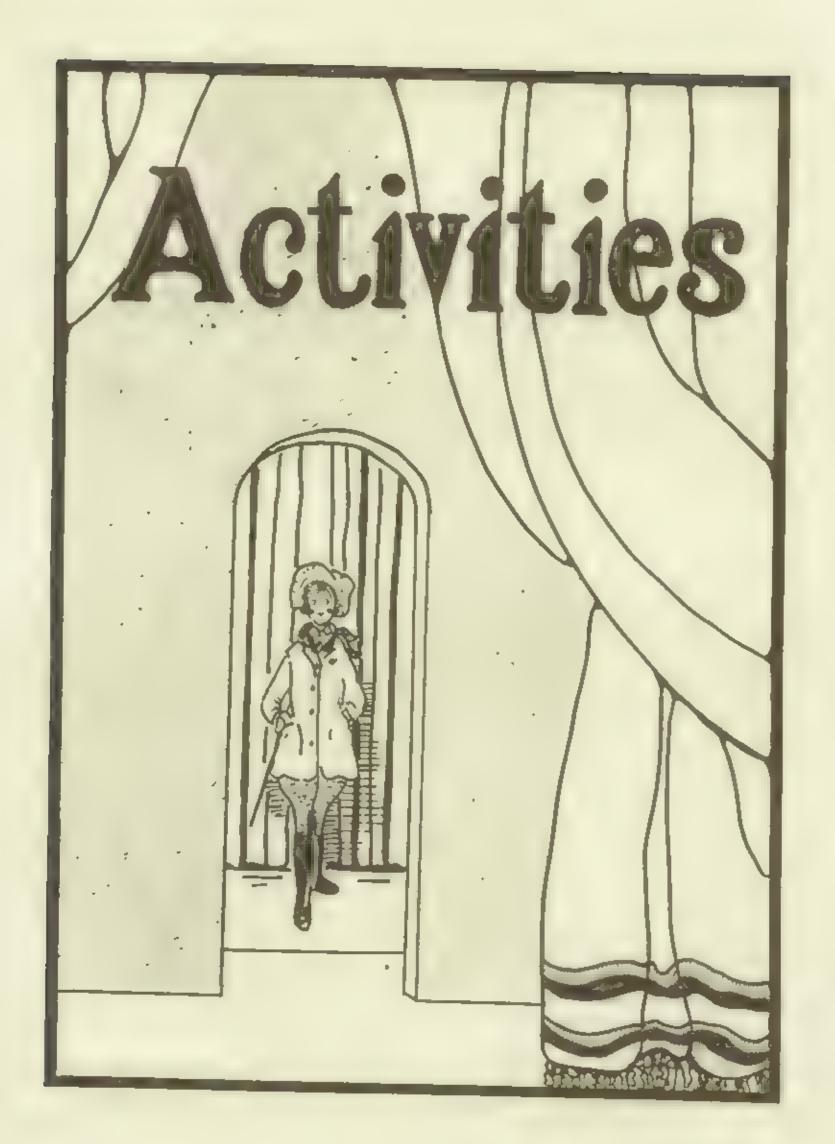

The societies in Springfield High School provide an outlet for the social yearnings of their members and of the entire school. Each semester finds the societies giving one dance each, and it is through this method that every one in school is given an opportunity to get acquainted with his fellow students in a way that he would otherwise not be able. In this, the societies work an inestimable amount of good for the school.

The Thalians held one of the most successful dances of the year when they held a Masked Ball at Hallowe'en. The affair was held in the Gym and the crowd well filled the place. The Wranglers likewise held a fine dance last fall, as all who attended will testify. In the second semester, the Les Bas and Delphics share the honors for the best dance, although the Philos ran them a very close second. The Les Bas dance was held in the Housekeeping Suite which was decorated to represent the inside of a jail. The Delphics used the Girls Gym for their dance, decorating it in brilliant streamers with a hanging center light of modernistic art.

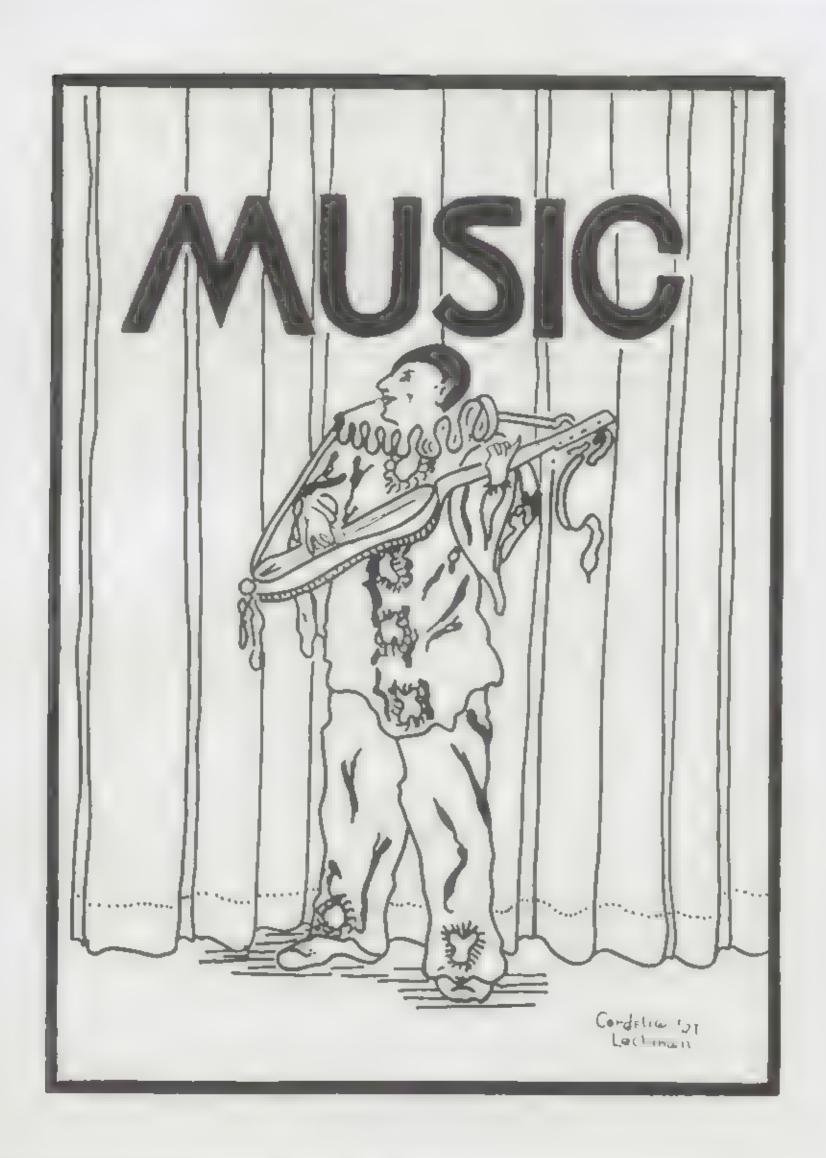

Another dance that deserves recognition was the dance given by the music department in honor of the hundreds of students who were in the city for the North Central Music Supervisore Conference. The Gym was used to accommodate the crowd and as an added attraction a part of the opera "Sweethearts" was given. In all, it was a very delightful evening's entertainment and one which showed that we were interested in knowing who our guests were.

Of course there were the customary matinee dances, the Philo Phrolic being perhaps the most delightful. It was held in February and Valentine decorations made the gymnasium a most attractive place to dance in.

As many have expressed it, this year was more than a social success and speaks well for the societies that were responsible for the affairs.

MUSIC INSTRUCTORS

Springfield High School is very fortunate in having such a well prepared, capable staff of music instructors. No other school of this size can boast of a similar staff of such high quality and a staff that has produced such amazing results in the comparatively short time that they have been with us.

Mr. Patrick is the oldest member in point of service, he having come to S. H. S. four years ago. In the time that he has been here, he has built up a band that has been a credit to the school as well as to his ability. The band has had a record that compares favorably with bands that are much older in point of organization, and in every contest that it has entered it has placed well up in rank. This record of the band is really a tribute to its capable, well liked leader, Mr Patrick.

Miss Soulman came to S. H. S. one year ago last February, and in her brief career she has done for the orchestra what Mr. Patrick has done for the band. She has succeeded in building up an organization that is a tribute to her loyal, untiring efforts and sacrificing willingness to devote her entire time and attention to the affairs of the orchestra. Her ability as a musician is unquestionable, she being a violin player of no little talent and a member of the Springfield Civic Orchestra.

Mr. Bickel likewise came to S. H. S. a year ago last February, and since then has really done as much for the glee clubs as Mr. Patrick and Miss Soulman have done for the hand and orchestra. Himself a singer of local repute, he is capably fitted for his task, and his pleasing disposition and sincere devotion to his work have made him popular with the students with whom he works. Besides building up the glee clubs to the extent that he has, he directed and presented the two clubs in the two very charming operettas. "Pickels" and "Sweethearts"

Miss Moore has had as her duty the training of the Freshman choruses, and thus has contributed a large share towards the success of the glee clubs. Every year she presents her students in a cantata which compares favorably with the work done by the older and better trained students of the glee clubs. In this work her sunny disposition and thorough training have worked to her advantage.

Miss Richey, the newcomer on the staff, is largely connected with the direction of the Sophomore choruses. In this work, she presented her classes in a Christmas program which included the singing of the carols and the presentation of a cantata, both of which were performances that were very complimentary to her efficient work with the Sophomores.

AND RESTORAGE OF AN AND AND AND

MUSIC ACTIVITIES

Although the school year of 1926-1927 was far from being a success from an Athletic standpoint, it was by far one of the most successful years that the Music Department has ever had. This success was not confined to any one branch, by any means, but was reflected in the stellar work of all of the Musical Organizations in the school. This, we feel, is a great tribute to the efficient training of the students due in a large measure to the high quality of the instructors.

The band enjoyed a very successful year, giving their annual concert and playing for many of the civic movements and entertainments. They supported the athletic teams in the usual manner, playing for all of the home games of the football and basketball season and at many of the athletic assemblies.

The orchestra enjoyed a similarly successful year, giving their first anual concert ad a concert for the North Central Music Supervisors Conference, one of the most important musical organizations in the Middle West. They likewise performed at all of the dramatic presentations and furnished a special orchestra that played the score for the operetta "Sweethearts."

The Boys' Glee Club showed marked improvement over past years and was honored by being given the privilege of presenting a program before the Amateur Musical Club, a notable musical organization in Central Illinois. The Girls' Glee Club aided the Orchestra in their concert and at all times showed a polished technique and quality that reflected credit on their directress, Miss Soulman. The two glee clubs worked together to present the delightful opera "Sweethearts," by Victor Herbert.

This presentation quite eclipsed the offering of the year previous, "Pickles." In fact, the production compared quite favorably with many professional performances and the show was given before packed houses all of the three times it was put on. An interesting fact in connection with the operetta is that the Decatur Glee Clubs likewise chose it for their public offering this year.

At Christmas, the Sophomores repeated their custom of presenting a program of Christmas Carols and a suitable Cantata. This year, they had the assistance of a special orchestra and several of the members of the Glee Clubs. The combination was very effective and pleasing, promising much in this field in another year.

The Freshman Chorus likewise repeated their custom of presenting a cantata. This year they chose to present "The Building of the Ship," a musical arrangement of Longfellow's immortal poem. Although the voices are in the younger stages of development, the rendition was very creditable and showed much promise of talent that will develop.

The climax of the year, however, came in the winning of the Sweep-stakes at the Central Illinois High School Athletic Association Annual Spring Meet, held this year at Decatur. Entering most of the solo events and all of the group events, Springfield won first place in the Soprano Solo, the Tenor Solo, Baritone Solo, Boys' Glee Club, Girls' Glee Club, Orchestra, and Band, to score fifty-five points against the twenty-four points that Urbana, who placed second, scored.

This record is unequalled in the history of the Conference and is a record that Springfield High School should be and is proud to claim. It speaks exceptionally well for the training that the students receive from their instructors as well as for their own individual talent.

SWEETHEARTS

This year's public presentation by the boys and girls' glee clubs took the form of the comic opera, "Sweethearts," by Victor Herbert. The plot of this opera is, in short, as follows: Sylvia, princess of Zilania, has been taken when a baby and hidden in the garden of the town's washerwoman, who brings her up as her adopted daughter with the same care as her six real daughters are reared. Mikel, the kidnapper, is a great politician, who wants to undo the heir apparent. However, the prince is so kind to the unknown Sylvia that when the time comes for her to take the throne, she marries the prince, and everything turns out well in spite of the statesman, a usurper to the throne and Sylvia's former sweetheart.

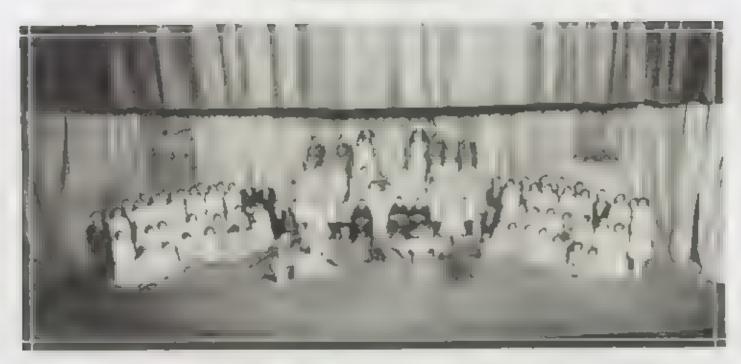

This was by far the best performance that the two clubs have ever put on jointly. It had a distinctly professional touch in both the chorus and the solos. Talent was displayed which had hitherto remained in obscurity

The production was given three times to highly entertained and appreciative audiences. Since the cast had the assistance of Helen Janet Smith and a great many others and were ably directed by Mr. Bickel, they worked hard and were able to give a stellar entertainment in a comparatively short time. The school is indeed proud of its glee clubs.

FOR BUILDING HOLDE IN HE MAN AS IN THE

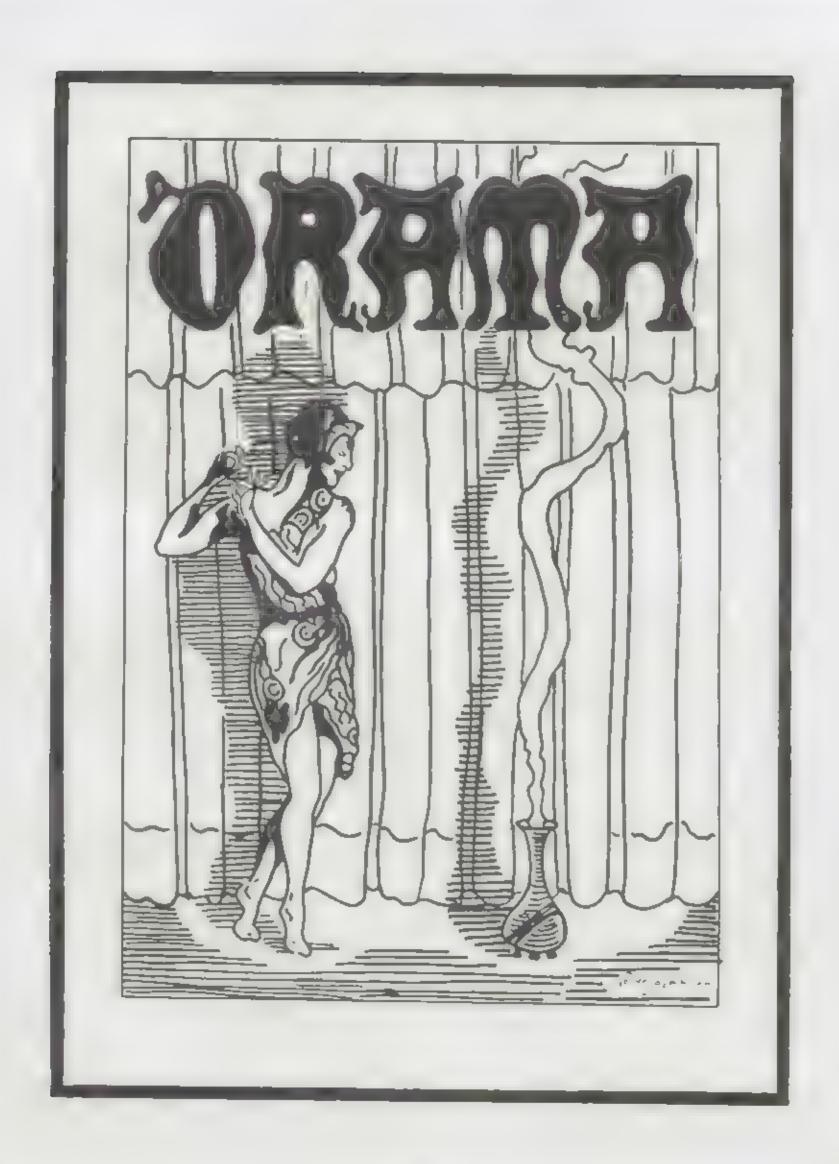

FRESHMAN AND SOPHOMORE CHORUSES

This year, the Sophomore chorus, under the direction of Miss Isaphine Richey, presented their customary Christmas program. The first part of this program consists of the singing of Christmas Carols, the second part the presentation of a suitable cantata. The entire performance was very well done, reflecting credit upon the youthful singers, as well as their capable instructor, Miss Richey.

Another tradition pertaining to the Sophomore Chorus is that concerned with Recognition Assembly. It is always the custom that they shall sing "Integer Vitae" as a processional for the graduating seniors, on this occasion, and close with a suitable recessional hymn. The effect is very pleasing and lends dignity to the occasion.

The Freshman Chorus likewise presented their cantata, "The Building of the Ship," a musical adaptation of Longfellow's poem of the same name. This production was likewise well finished, and very creditable to the chorus and its instructor, Miss Moore.

Both of these choruses are very unique, there being few schools of this size so well represented by the under class students in musical activity. The training that they receive here is very valuable to them as they go into the glee clubs or the other musical organizations of the school.

THE DRAMA CLASS

MISS ROURKE

Miss Margaret Rourke and her two drama classes have again achieved a splendid record in this year's dramatic productions. The first semester class resented Shakespeare's "The Tempest," November 24th, at matinee and evening performances. June Whitson, Freeman Butts, and William Wines starred in the respective roles of Miranda, Ferdinand, and Caliban. In December, the Christmas pageant was given at school, at a meeting of the A. A. U. W., and at the State Arsenal. Marguerite Jenkins and Dorothy Fiedler, alternating in the role of the Virgin Mary, showed an exceptional amount of talent. The second semester class concentrated its combined talent in "The Goose Hangs High," a play that demands the best from even professional actors. The parts were very well played and the honors were about evenly distributed. John Schenk, as the hard working father, and Gertrude O'Brien, as the self-sacrificing mother, were very good

THE TEMPEST

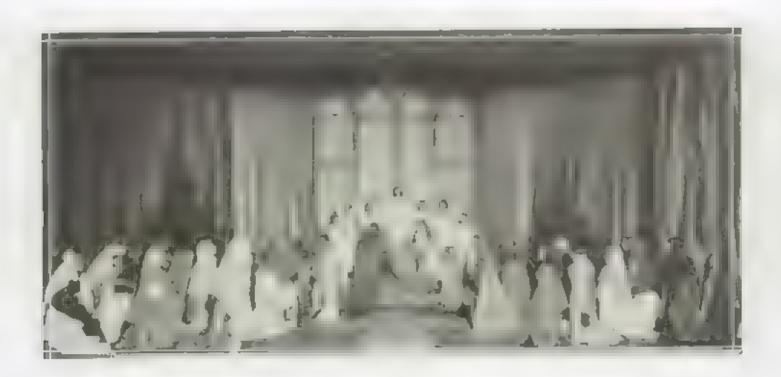

The second Shakespearian play of the drama class, "The Tempest," was presented in two performances on November 24th. This drama is considered Shakespeare's master comedy. A brief summary of the plot follows

Prospero, rightful Duke of Milan, with his infant daughter, Miranda, had been over-thrown in their kingdom by Prospero's villainous brother, Antonio, and had taken refuge on an uninhabited island where, twelve years later, Antonio, with the king and Crown Prince of Naples, is wrecked. Prospero had gained control of the spirits of the island, and they, led by Ariel, work out their master's plans. Through many queer adventure the castaways wander until the prince becomes engaged to Miranda and Antonio begs forgiveness, thus re-establishing Prospero in his old estate as Duke of Milan

The play contained a lovely masque in addition to the plot, which was enlivened by many charming dances. Due to the co-operation of the newly organized Poster Club. Paper Craft Club, Stage Craft Club, and Costume Design Club, with the two art directors. Miss Knudson and Miss Mason, a beautiful set of scenery and stage properties was made

THE CHRISTMAS PAGEANT

This Christmas pageant was even more beautiful than the last one. It were soft senes representing the events leading up to and culminating in the birth of Christ. The scenes were: the procession of the prophets announcing the coming of the Messah, the annunciation, the ourney to Beth lehem, the seeing of the star, the coming of the three wise men, the vision of the slephonds and findly the beautiful finale of the Nativity scene in which the entire cast of over fifty people partook

The majestic loveliness of this production and the superior direction and acting give promise of many exquisite Christmas pageants yet to come.

The principal characters were:

INTER-SOCIETY DEBATE

Just one year ago, inter-society debate was introduced into Springfield High School by the Parent Teachers Association to encourage more and better debating. The success of the debates this year was even more marked than that of last in bringing out new material and developing more active interest on the part of the students. The keen rivalry between the societies caused great stress to be laid upon the debates and as a result enlisted the best talent of the individual societies for places on the teams. This, together with the efficient coaching of Miss Graham, made the most interesting inter-society debates S. H. S. has ever shown.

The subject for debate this year was the varsity question, "Resolved: That a Department of Education with a Secretary in the President's Cabinet be added to the Executive Department of the United States." On December second, the six teams were paired off and the debates were held simultaneously. The Thalians, with Marx, Carson, and Pleak on the affirmative received a close 2 to 1 decision from the Delphics. represented by Beam, Dehen, and Lenedict. The Philos, with Penrod, Davis, and Ettlebrick on the negative, received a 3 to 0 walkaway from the Hi-Y's, represented by Cain, Lamken, and Kaylor, thus starting the Philos on the road to ultimate success. The Les Bas, with Robie, Callahan, and Rourke on the negative, won a hard fought 2 to 1 victory from Reid, Allison, and McLean, thereby dashing the high hopes of the Wranglers for the coveted cup. The Hi-Y's and the Wranglers were dropped at this stage,

In the semi-finals, the Thalians, again debating the Delphics, completely crushed them with a 3 to 0 decision, while the Philos, now debating on the negative, received a close 2 to 1 decision from the Les Pas. This eliminated the Delphics and the Les Bas.

In the finals, the Philos won another close decision when they received a two to one vote from the Thalians and thus came in possession of the cup which the Delphics had won the previous year. This also marked the second year that the Thalians had debated their way to the finals only to lose by a 2 to 1 decision.

VARSITY DEBATE

This is the second year that Springfield has been a member of two delating I gues the Himais Lebiting League when we will state in a late of the the Big Twelve Conference

The question for the Illinois League was, Resolved: That a Department of Education, with a Secretary in the President's Cabinet, be added to the Executive Department of the United States. The Affirmative team, composed of Wilson, Butts, and Meteer, went to Jacksonville to win a close 2 to 1 decision. The North of the united by the latest of the lates

In the Big Twelve, the question for debate was, Resolved: That the Phil-http://distant.link.com/posed of Rourke. Beam, and Hatmaker, received a 3 to 2 decision to a least to the link to be Negative, made up of Briggle, Schwaner, and Benedict, were defeated here by a 2 to 3 decision Since our total percentage was higher than Jacksonville's—89 to 88—we were judged the winners

In the semi-finals with Pekin, the Illinois Debating League team was used, so that Wilson, Butts, and Meteer, on the Affirmative, and Graham. Phrischli and Benedict on the Negative represented us The Negative words 3 to 3 decision. The total percentages of the debate—85 to 87—eliminated us from the Big Twelve Conference also

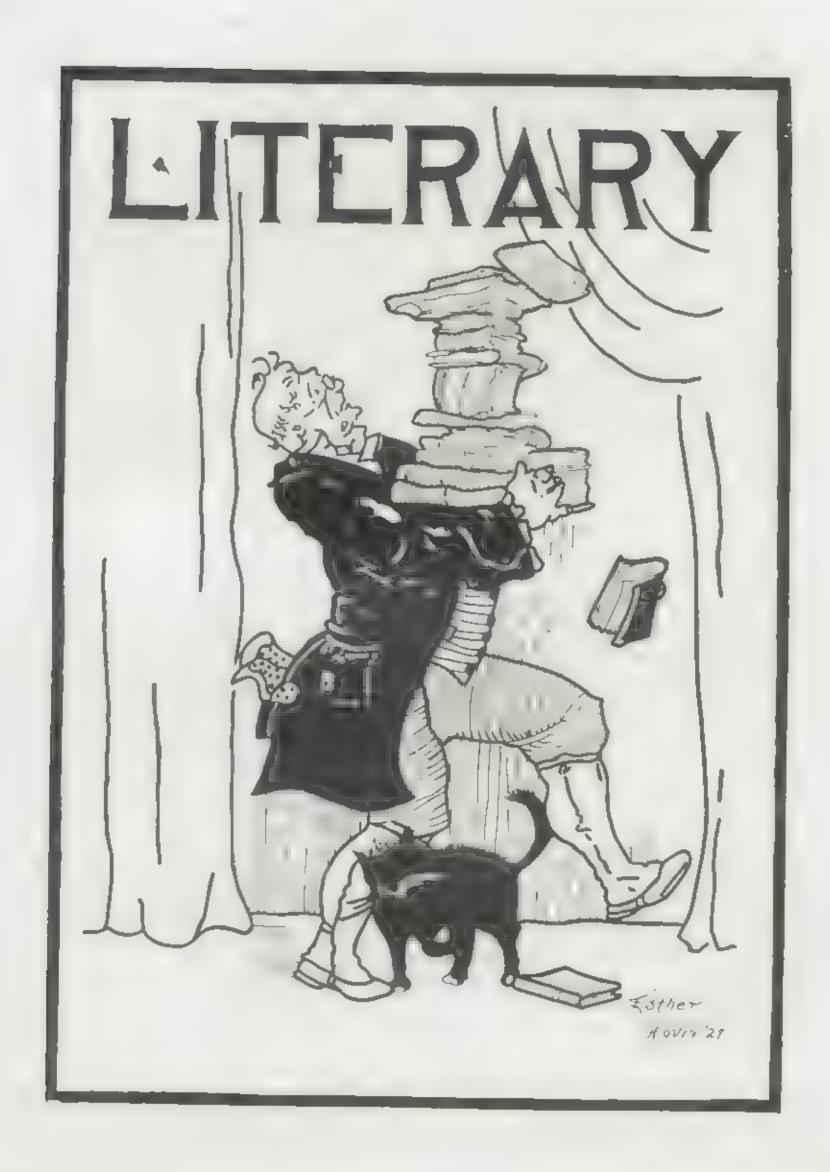

NEW SYSTEM OF DEBATE PROPOSED

To Mr. Lyman K. Davis, assistant principal of Springfield High School, goes the credit for the formulation of a system of debate which bids fair to reorganize the present system which experience has proven pretty much of a failure. This would do away with long, cut and dried speeches and will tend to develop the debater's own initiative and originality.

Under the present system, the debaters are the machine of their coaches. They spend weeks in compiling data on subjects which they are unfamiliar with and with which they are scarcely able to cope. Their speeches are in a large way the work of their coaches and not of themselves.

Under the system proposed, the judges will give the teams their material two hours before the debate and they will be left without the assistance of their coaches to work up their argument. This way, they are left to their own originality and initiative in developing their cases.

If adopted, this system will do away with long drawn out, uninteresting speeches and make the work, in a way, much easier on the coaches. They will have more time for themselves and to develop the speaking ability and originality of their proteges, whereas heretofore they have had to spend a major portion of their time in the preparation of suitable speeches.

SCRIBBLERS CLUB

MISS GRAHAM

The Scribblers Club is a regular Senior English course intended to give to those students with any native gift as scribes a chance to develop their bent with the aid and stimulus of similarly inclined mates.

Every type of prose is tried save the novel, which time, not the lack of ambition or ability, of course, proscribes. Contrary to the current opinion, verse is written with greater success than is prose; in fact, both boys and girls of the romantic teens burst rather naturally into song.

This class is by necessity limited in numbers because the individual development requires a small class, and unfortunately not all of the 2300 students in the school can express artistically their material needs, much less their soul yearnings.

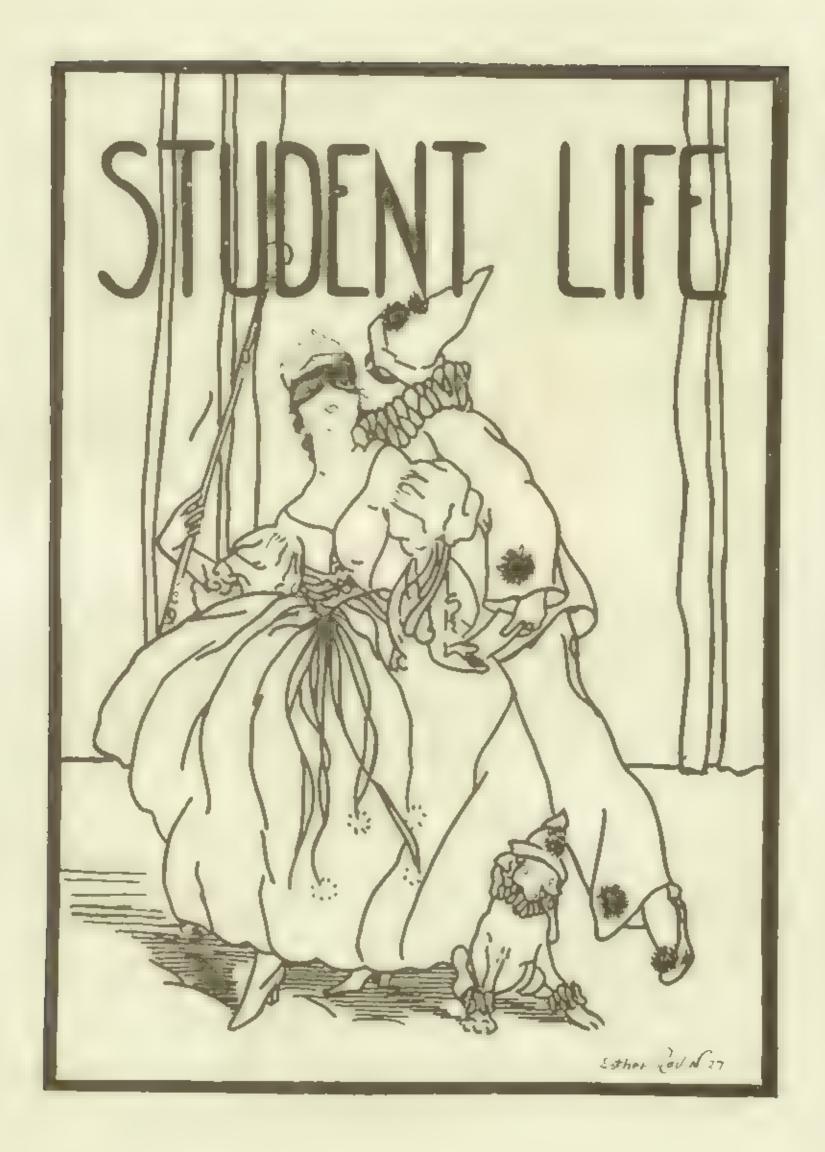

The class aims to edit a literary magazine and they try to encourage all students to contribute to this publication.

Some very creditable pieces have been written, copied in regularly edited magazines, and some of the one-act play- written in this class have been acted by the Springfield Community Players.

The Venture Magazine, edited by the 1925 Scribblers Club, contained work from every class in the school. William M. Tanner of the Atlantic Monthly wrote a letter of congratulation to those responsible for editing and publishing the magazine, commenting favorably on its creditable work.

The 1927 class again edited a similar magazine, keeping the same name and the same general policy, but introducing a number of new authors to those interested in the literary activities of the Springfield High School.

AND HOW!

In all of these seemingly weighty discussions, it seems altogether fitting and proper that some mention be made of the great deeds accomplished this year by our two prominent Young Men's Gypping Associations, the famous Shelf-hicks, and their rivals, the Danglers.

Firstly, take the Shelf-hicks, Grafters' Union, Local Number 29. Among their number we find such illustrious rowdies as Will Bines, the translator of Homer's "Comedy of Terrors—the Idiot and the Odious," and Duke Lambskin, the ladies' man, who actually confessed that he once took a girl to a Hi-Y picnic. Second only to him as a heartbreaker we find young Giggle, the little lad with the big pants—yes, he's worn a Les Bas pin.

Of course we can't overlook the gypper of gyps, old "Shylock" Bennett Chevens, the lad who didn't even have to pay for his lunch, and the Boy Chemists. Hennis and Blueham, deserve just credit for their great discovery that Hydrogen Sulfide is the synthetic perfume for rotten eggs. The loud speaker of the gang is "Stewed" Bilson, who claims greater jaw leverage than any man, woman, or child in the Philippine Islands.

Then there's Ike Lieman, who earned enough off the Capitoline to settle up for his cap and gown, announcements, and pay the first installment on the sixteen dozen pictures he ordered. Not to be denied is the other heartbreaker. George Stench, the rising young man who claims to have dated more women than he can count.

On the other hand, we have the well known Danglers. They are officially the Gypper's Union, Local Number 10, and run the Shelf-hicks a close race for first honors. In fact, any bunch that charges a dollar sixty-five for a dance is entitled to first place.

Look at their roster—they're almost as good as the Shelf-hicks. Take Silly Beifert, for example—wasn't he kicked out of a basketball game once—and hasn't he been kicked out of most of the theaters? And Cigar Butts—didn't he share the Capitoline rake-off with a Shelf-hick?

Why, the Junior Class couldn't function without the aid and assistance of Flies-high for Commissioner. Then there's Bill Met-her, who cleaned up enough on the Senior announcements to pay for his college education. There's no doubt that Coatmaker and Mark Rubbers are the dumbest vaudeville team in school, while Ashcau Hats is positively the best actor going when it comes to the "Voice-off-stage" parts.

You'll have to admit that young Benry Harbor is almost as good a loud speaker as Bilson, and as for Jim Alley-cat, he can't be beat when it comes to Inter-Society Lotto. Bob Fits-tight has perfected a system whereby he can play a piano solo without putting the instrument out of condition, so he's improving.

Collectively, they're just about as nuts. They spend their meetings listening to talks on "Dumbells," and demanding recounts. Then they get real bold and challenge each other to everything from chess tournaments to mock trials. In fact, the school couldn't run without the Shelf-hicks and the Danglers. You see, the Shelf-hicks give it an atmosphere, and the Danglers give it a reputation

CALENDAR

AUGUST

31—The day of the big reunion, the teachers greet us with assignments.

SEPTEMBER

1—Everybody pale and haggard after the "Big Push" for books.

3—The reign of terror begins. A ponderous tread and fateful question, "Where's your slip?" once more haunts the lower halls.

7—The Freshmen were, this morning, conducted to the library and informed of its mysteries. The trip was a big success—only four lost, strayed or stolen!

13-Football togs given out. Sure sounded like ye dollar day bargain rush.

16—Cupid, world's champion bowman, again scores a bull's eye. Miss Hulda Mueller, music teacher, married.

17—"Bulletin" out today. Parent-teachers gave a party for the "Freshies." The children played in the gym and were afterward served with appropriate refreshments—stick candy.

22-Pep assembly for Freshmen. My! how those "Cooties" did yell-

23—The dignified faculty held their hilarious party lasting far into the night.

24—First assembly—Lots of noise! Band presented with miniature drum (only five feet in diameter) by Coach Royal.

25—The drum sure "did its stuff" today—we beat Auburn 15.0.

OCTOBER

7—Another roof raising assembly. Mr. Bickel's boys made their first appearance all "decked out" in new bow ties.

5—A new physical training course has been installed. The boys' gym classes carried the bleachers over to the field today.

8-We elected Traylor and Miller official "Rah Rah" boys today.

9—The drummer must have broken his arm. We lost a heart-breaking game to Danville 13.0.

15—Dame Fortune smiles again and Carlinville the victim, coming out at the little end of a 17-6 score

19-Judgment day-first term grades are out.

21—Mr. McCall, in league with the fairies, brought the wonderous 1927 Capitoline into the view of we mortals today

29—The goblins held sway, under the watchful eye of Officer Harriman, this evening at the Thalian's Mask Ball.

30—The scoreboard says Peoria Central's team 13 points better than we are, but who believes in figures anyway?

Fido is gone.
Somebody took 'im,
Took 'im to work on
Over in Zoo.
Who ever thought
That someone would hook 'im?
Poor little Fido,
I loved him so.

THE PURPLE COW

I'll strum my ten-cent lyre now
In honor of the Purple Cow.
The beast is one we've never seen.

FAMOUS LAST WORDS

- 1. Freshman: "No, Mr. Davis, I will not serve detention."
- 2. Interested Man: "Just as soon as I light this match I'll tell you if you have any gas."
- 3. Husband: "I took your advice, dear, and did not get you any Christmas present."

I AM AN OPTIMIST

- 1. I believe that it is possible to make the Scholarship Society without studying.
- 2. I believe that Freshmen are not as green as they are reputed to be.
- 3. I think that fifteen minute assemblies are ideal.
- 4. I believe that \$4.00 is a good price to pay for the CAPITOLINE.
- 5. I believe that detention is an ideal pastime.
- 6. I am convinced that the Delphics once came out ahead on a dance.

Poor little Fido,

COLD SUPPER, COLD HEART

He was a professor of Chemistry and she was a wife who tried to have a good supper for him every night. When he'd be late her good cooking would be spoiled and then he'd start to find fault. He was late again tonight. The supper was cold. The argument was on. The wife finally broke down crying. But he was a professor of Chemistry.

"Stop crying! Your tears have no effect up me. What are they? A small percentage of phosphorus salts, a little sodium chloride. All the rest—water. Bah!"

"What kind of a girl is Betty?"
"The kind that thinks the plural
of kitchen utensil is two can openers!"

ZOOLOGICAL OUTBURSTS

Oh, Epicurean butcher's delight,
'Twixt slices two of wheaten bun,
Thy buxom skin well filled — yea
tight:
In praise of you have poets sung
Hot dog!

Bacteria are nice little chaps,
But their tastes are so deplorable.
They get mixed up with scum and things,
Till they're quite unrestorable.

The fly is a most erratic bird.

For among lots of funny things,
His ears aren't on his head at all.

They're underneath his wings.

I love the amoeba, his skin is so thin, But forty amoebas can live on a pin. Four million amoebas can rest on a platter—
It's awfully provoking that they are not fatter.

Behold, I'll hymn the angleworm,
the bird is not so worse;
He travels nonchalently on in forward or reverse.
And if he gets bisected, why he doesn't face his sins,
He merely leads a double life for after that he's twins,

The polyp has no life at all, He's just a little limestone ball. He lives his life on trees of coral. He never fights, he is too moral. I don't believe I'd want to be A polyp living on a tree!

There goes a snake, peculiar creature, He hasn't a single beautiful feature; Of arms and legs he hasn't any. And as for joys, he can't have many.

The gnat is a most peculiar beast,
You find him where you expect him
least,
He tears around through the air,
And pauses neither here nor there.

FOOTBALL GAMES

"The last half always has seen, the longest doesn't it?"—Here they come again —"Oh goody, Burtle has it."—"Kill the Umpire."—"Who is that in the red hat?"—"Look at that fur coat, would you?"—"What happened, did we score?"—"Aw, shucks."—"I wish they had score boards."—"What, is it over? Who won?"—"Let's go to the Oak's, I'm dying for a hot fudge."—Sixty-five people killed in the general rush towards the gates.—And they charge you fifty cents for that!

FEBRUARY SENIOR CLASS

President - - - - - Robert Rees
Vice-President - - - - - Pauline Maybury
Secretary - - - - Ruth Guymon
Treasurer - - - - Frank Miller

The graduating class of February, 1927, was the largest mid-year class to graduate from Springfield High School, there being seventy-five who received their diplomas at that time. In addition to being the largest mid-year class to graduate, the class is also to be commended on the high quality of the students and their loyalty to the school.

Four graduates of the class were chosen for membership in the Springfield Scholarship Society, the highest recognition for scholastic achievement given by the school. Many of them held offices in the school's literary and debating societies and were quite prominent in dramatics. Just as many were prominent in athletics and the other activities which they had an opportunity to participate in.

Although handicapped in that they did not receive recognition as a class until the beginning of last semester, the class displayed at all times a marked loyalty to the school and was ever ready to support whatever arose in the way of school activity. In this, they have set an example which the rest of the school might we provide and the Spring of thigh School will always cherish the fondest memories of the February class of 1927, both for the loyalty to the school which they displayed at all times and for the cheerful way in which they co-operated with the faculty, the administration, and their fellow students.

The Senior Girls' Council was begun in June, 1926, when eighteen girls were chosen by the faculty to serve for the school year of 1926-1927. These girls were chosen on the basis of their achievements during their first three years

The Council has had for its purpose, this year, the promoting of friendship among all of the classes, chiefly the Freshmen. Four Freshmen parties were held and the idea proved a success. A Silver Tea, in October, was given for the Faculty and Senior girls. This organization was instrumental in putting on the Clean-Up Week, which resulted in a cleaner campus and building than has been seen for a long time

SENIOR REPRESENTATIVES

The Senior Representatives had a very busy and profitable year this year, their last in Springfield High. Besides tending to the usual routine work connected with the management of a class, they also had to prepare for and carry out the activities incident to Commencement Week. Their meetings were held at regular intervals and during the course of each many problems confronting the class as a whole were decided upon and given careful consideration

Socially, the Seniors maintained a very high standard throughout the entire year. In all, four parties and an all day picnic were arranged. The first party was an unusual success, with Roche's Orchestra providing the music. Their next party was a Stunt Party, with various members of the class taking part and presenting a good brand of vaudeville. Dancing followed, to the music of the Delphic Orchestra which had appeared on the regular stunt program. This was followed by another dancing party and the last regular party was held in the Gym, with Roche's Orchestra again furnishing the music. The last social event of their Senior year was the all day picnic, followed by a dance, held on the Friday of Commencement Week This event has become customary in the last few years, and bids fair to become one of the traditions of the school.

The ordering of announcements and the management of the class play were but two of the many duties that were capably taken care of, not to mention the ordering of the caps and gowns to be worn at Commencement. In connection with Commencement Week there are a number of traditions that have come to be of the highest importance, such as the Recognition Assembly.

Throughout the year, the class has had for its capable advisor Mr. Harriman, and he has worked unstintingly to assure the success of the class. In all of his work he has had the support of the entire class.

In Memoriam

Arthur Spensley

Arthur Spensley, who was taken from us July 23, 1926. In him we lost a leader among school activities, an actor of no little talent, and a man whom we shall always remember as expressive of the highest ideals of youth. His friends were many and his enemies were so few that they do not count. He was a Senior and promised much in the way of achievement. We miss him as a friend ever loyal to Springfield High School.

Helen Stone

Helen Stone, who died April 25 1927. She was also a prominent Sentor and one whom we shall always remember as a girl of the highest ideals and unselfish sacrifice for the Springfield High School.

Marjorie Meyers

Marjorie Meyers, who was killed in a most unfortunate accident. She was a Junior with a wide circle of friends. In her we lost a girl who promised much and who left a place that will be hard to fill.

The Capitoline

STUDENT SENATE

The Springfield High School Senate has again had a busy and successful year. Hugh Graham, president, presided over the numerous meetings that were held throughout the year, where many school questions were discussed and practical ideas brought forward. One Senator is elected and one appointed from each class and meetings were held every other Monday. Mr. McCoy served as advisor during the year

The Senators were

Freshman—Thelma Barbee, Harry Nickey
Sophomore—Virginia Davis, Roy Kaywood
Junior—Mary Callahan, Stanley Thomas.
Twelve-one Seniors—William Seifert
Seniors—Else Bretscher, Hugh Graham
February Seniors—Dorothy Houy, Edwin George.

"Portraits that almost speak"

Miss Abigail

There comes a time When not alone each act. But e'en the play itself Must end. And curtains fall

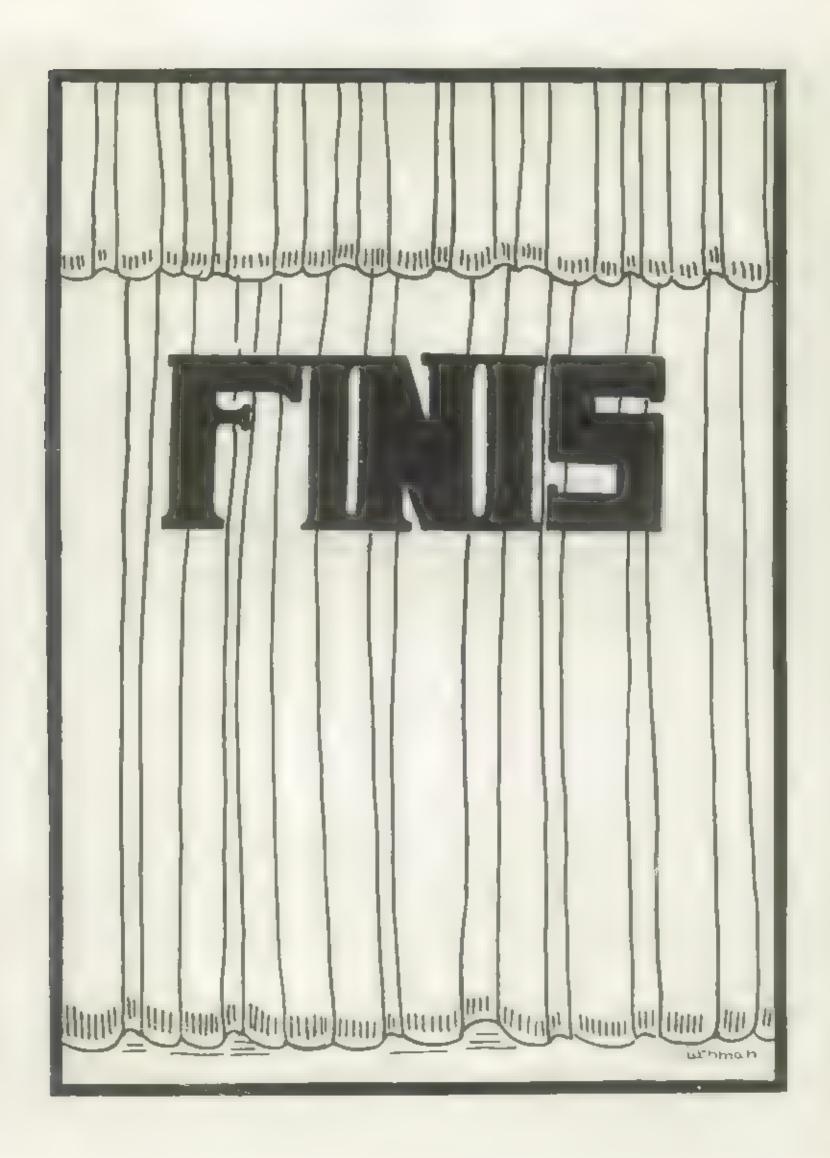

Ne'er again
Will these same players
Perform with stage and scenery
Ouite the same.—
I vcept in memory;
And memory's light unaided fails.

But, as in Fairyland, Each youth and maid returns To play and speak his lines again Or act her part anew— In these scenes and portraits all
